

# Thinkuknow: Remote & home online safety resources

This content has been reproduced from an email sent by Thinkuknow from CEOP Education Team (<a href="mailto:ceopeducation@education.nca.gov.uk">ceopeducation@education.nca.gov.uk</a>). It is subject to NCA copyright and published under the <a href="mailto:Open Government Licence">Open Government Licence</a>, and permits the copying, publishing, adapting and exploiting of this information, by combining it with other Information, or including it in another product or application.

With children and young people relying on their tech at home for learning and entertainment during lockdown, it remains vital to keep conversations about online safety going and raise awareness of reporting routes if something goes wrong.

Here's a summary of the Thinkuknow resources available to you to deliver remote learning, education in your setting, and help parents and carers to support their child at home.

## Online safety at home packs

<u>Download simple 15 minute activities</u> families can do to support their child's online safety at home. Packs are available for ages 4 to 14+. Parents can also watch video guides on different online safety topics.

## Online safety toolkits

#### For face-to-face learning:

<u>Download bitesize activities and worksheets</u> based on CEOP's home activity packs that you can deliver to children and young people face-to-face in your education setting. The toolkits can be used with ages 5 to 14+.

#### • NEW for online learning:

<u>Download adapted versions of CEOP's online safety toolkits</u> for ages 5 to 10 with editable slides and video lessons for use on your online learning platform.

Further resources for use with secondary-aged young people coming soon.

# NEW: reporting to CEOP video for teens

<u>Download a short video</u> for secondary-aged young people explaining the CEOP reporting process, including what to expect if they make a report.

## Embed the ClickCEOP button in your website

The ClickCEOP button provides children aged 10+ with a direct route to report online sexual abuse if they feel they do not have a trusted adult to go to. Just email <a href="mailto:ceopeducation@nca.gov.uk">ceopeducation@nca.gov.uk</a> with your website URL to get access to the button and guidance on how to use it.

## Help CEOP learn more about young people and the dark web

CEOP are currently working with The Children's Society and Marie Collins Foundation to find out more about young people's experiences using the dark web, and how they can be protected from encountering the associated risks.

To learn more about the extent of young people's experiences using the dark web, they want to hear from all professionals working with 11 to 18 year olds. This includes those without prior knowledge or experiences of young people using the dark web. The survey should take roughly 10 minutes to complete and will close on Friday 22 January.

Click here to take the survey >

## UKCIS 'sexting' guidance updated

The UK Council for Internet Safety's 'Sexting in schools and colleges' guidance has been updated. Now known as <u>'Sharing nudes and semi-nudes'</u>, the guidance provides support for all education settings on how to respond effectively to an image sharing incident.

- You can keep up to date with the latest news from the CEOP Education team by following them on <u>Facebook</u> and <u>Twitter</u>.
- If you have any questions or feedback about their resources, get in touch at ceopeducation@nca.gov.uk
