

Grow Leadership Programmes: working in conjunction with the NPQ programmes

Grow Education Partners’ well-established and highly regarded leadership programmes offer practical learning opportunities whilst following follow the domains of the NPQs. They provide an insight and structure into deeper learning as you progress through your career. <https://grow-education.org/training/leadership-programmes/>

We work closely with the Church of England Foundation for Education Leadership (CEFEL) and recommend that you look at their NPQ offer once you have completed each Grow programme <https://www.cefel.org.uk/npgoverview/> . This flowchart is a brief overview to support leaders in deciding the most appropriate options in leadership progression.

Our suggested CPD route for school leaders
