

Safeguarding offer to schools for the academic year 2025-26

In addition to school safeguarding reviews and safeguarding training delivered by Grow, we also work in close partnership with our specialist safeguarding partners, [ECP Safeguarding](#).

After working together closely over several years, ECP Safeguarding has gained a very good understanding of the needs of LDBS & Grow schools. Consequently, ECP has now increased the discount that is offered to our schools for this academic year.

Therefore, instead of booking directly on their website, please complete our [Grow & ECP booking form](#) for all ECP Safeguarding Membership options. This will give you exclusive access to the discounts on offer ([more details below](#)).
